Wildfire Risk Classification Appeal Form

Please download this form, fill in, and submit using the contact at the bottom.

To appeal a property's risk classification, please provide your contact information; property address, tax lot number, or legal description; the current risk classification; the desired risk classification; and the reason for your appeal in the boxes below.

If you wish to provide additional information to support your appeal, you may attach files to this PDF and submit it electronically or print the form and mail it with your additional information to the address at the bottom of the page.

Name: **Email address:**

Phone number: **Mailing address:**

Property address, tax lot number, or legal description: (fillable text box below)

I would like to appeal the risk classification of my property for the following reason:

☐ I believe the risk assignment isn't consistent with the adopted rules defining risk.

☐ I believe there was an error in the data used to assign risk to my property.

☐ I have pertinent facts to present that I believe may justify a change in risk assessment.

Current property risk classification:

☐ No risk   ☐ Low risk   ☐ Moderate risk   ☐ High risk   ☐ Extreme

Desired property risk classification:

☐ No risk   ☐ Low risk   ☐ Moderate risk   ☐ High risk   ☐ Extreme

Additional facts to consider for change to risk classification: (fillable text box below)

Follow these instructions to attach documents:

- Select comment box from right toolbar 🗨
- Select attachment paperclip icon from top toolbar and select "attach file" 📎▾
- When your cursor becomes a pushpin icon, place in the box to the right and click
- Select file to attach, then open
- Once all supporting documents are uploaded, click SUBMIT button
