C2001 REDIFORM - 8L806
housing development. The net present value of the tax abatement will be taken into consideration in our concluded values.

Additionally, the subject will receive a $300,000 grant from the Oregon Housing and Community Services Department (OHCS) for system development charges (SDCs). The grant is related to the operation of the property as workforce housing as well. Based on the data on analysis contained herein, the proposed subject would not be financially feasible without the SDC grant, or a possible reduction in proposed construction costs.

Based on the analysis contained in the following report, the market value of the subject is concluded as follows:

The report, in its entirety, including all assumptions and limitations contained herein, is inseparable from this letter.

The following appraisal sets forth the most pertinent data gathered, those techniques employed, and the reasoning leading to the opinion of value. The analyses, opinions and conclusions were developed based on, and this report has been prepared in accordance with, the guidelines and recommendations set forth in the Uniform Standards of Professional Appraisal Practice (USPAP), and the requirements of the Code of Professional Ethics and Standards of Professional Appraisal Practice of the Appraisal Institute. It also conforms to Title XI Regulations and the Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (FIRREA) updated in 1994 and further updated by the Interagency Appraisal and Evaluation Guidelines promulgated in 2010.

The intended use and user of our report are specifically identified in our report as agreed upon in our contract for services and/or reliance language found in the report. As a condition to being granted the status of an intended user, any intended user who has not entered into a written agreement with CBRE in connection with its use of our report agrees to be bound by the terms and conditions of the agreement between CBRE and the client who ordered the report. No other use or user of the report is permitted by any other party for any other purpose. Dissemination of this report by any party to any non-intended users does not extend reliance to any such party, and CBRE will not be responsible for any unauthorized use of or reliance upon the report, its conclusions or contents (or any portion thereof).

It has been a pleasure to assist you in this assignment. If you have any questions concerning the analysis, or if CBRE can be of further service, please contact us.
