About the “Molalla Current”

A centralized civic engagement and public outreach platform, the “Molalla Current” was created to address community needs like inclusiveness, resident involvement, and collaboration. It provides an innovative and accessible alternative that expands public participation. Through a transparent digital hub, residents can: receive a monthly community newsletter; access project information; ask general questions; and provide feedback – all at their convenience. By offering content in multiple languages, the “Molalla Current” reduces linguistic barriers, broadens awareness among non-English-speaking residents, and supports inclusive, community-wide participation in local decision-making.

About the League of Oregon Cities

Founded in 1925, the LOC is a voluntary association representing all 241 of Oregon's incorporated cities. The League helps city governments serve their citizens by providing legislative services, policy setting, intergovernmental relations, conferences and training, technical assistance and publications.
